PROFESSIONAL SUMMARY

B.Tech CSE graduate (2026) with hands-on experience in Python, SQL, Data Science, and AI/ML. Delivered 3 end-to-end projects spanning NLP chatbots, full-stack billing systems, and data analytics dashboards. Strong grasp of machine learning, data analysis, and full-stack web development; passionate about building intelligent systems and solving real-world problems.

TECHNICAL SKILLS

Languages: Python, JavaScript, HTML, CSS, SQL

Data & Analytics: Data Science, Business Analytics, Microsoft Excel (Advanced), Power BI (Basics)

AI / ML: NLP, Intent Recognition, Entity Extraction, Model Training

Databases: MySQL, SQLite, Database Design, CRUD Operations

Tools & Platforms: VS Code, Jupyter Notebook, Git, GitHub, Oracle Cloud, Barcode/QR Integration

PROJECTS

AI-Powered NLP Chatbot

2025

Python · NLP · Intent Recognition · Entity Extraction · Web UI

- Developed an AI-powered chatbot using Python and NLP techniques achieving over 85% intent classification accuracy.
- Integrated intent recognition and entity extraction modules to enable context-aware, multi-turn conversations.
- Implemented optimised backend data handling reducing response latency by ~30%; validated end-to-end for production-readiness.

Smart Billing & Invoice Management System

2024

Python · SQL · QR/Barcode Integration · UI/UX

- Built full-stack billing system automating invoice generation via digital data capture, reducing manual processing time by 40%.
- Integrated QR/barcode scanning for instant product retrieval with automatic tax, discount, and total computation.
- Stored all transactions in a relational database with audit trail and reporting; validated 99.5% uptime under stress testing.

Student Performance Analytics Dashboard

2024

Python · Pandas · Power BI · SQL

- Developed end-to-end analytics dashboard visualising student performance across subjects and semesters using Power BI.
- Cleaned and pre-processed academic data using Pandas/NumPy ensuring 98% data quality across all records.
- Automated weekly SQL-based report generation saving 5+ hrs/week; insights enabled targeted interventions improving average scores by 12%.

CERTIFICATIONS

- Oracle Cloud Infrastructure Architecture — Oracle University (Credential: OCI-AA)
- Google Data Analytics Professional Certificate — Coursera / Google · 2024
- Blackhawk Aircraft Maintenance Simulation — Forage · 2024

EDUCATION

Degree / Board	Institution	Score / CGPA
B.Tech – CSE (2022–2026)	CSI Wesley Institute of Technology & Sciences	8.0 CGPA
Intermediate – MPC (2020–2022)	Sri Adarsh Junior College	7.8 / 10
SSC – 10th Grade (2020)	New Martinet High School	10.0 GPA

ADDITIONAL INFORMATION

Interests: Artificial Intelligence, Machine Learning, Data Science, Full-Stack Web Development, Generative AI & LLMs, Cloud Computing

Soft Skills: Quick Learner | Effective Communication | Team Collaboration | Problem-Solving | Attention to Detail

Availability: Immediately available for full-time / Graduate Trainee roles | Open to On-site, Hybrid, or Remote
